

## Where we reached in 2019

As following you can see how and where we spent the financial donations. The money is included in the following cases and spent the last year as underneath explained. Thank you that you were part of Kipepeo and the work we do with our organisation.

Kipepeo Family Foundation attended 15 different Families in 2019. We had some serious cases with child loss, death, murder, physical disability, alcohol addiction, sexual abuse but as well families who are affected by general poverty and social problems. Underneath there are listed our supports and a short explanation about how we helped each family:

*Flora Herman Shirima* is living in Mbokomu, as a single Mama with her three children. She got a rooster from Kipepeo and the financial support for 10 chickens which eggs she can sell. For that we also renovated a chicken house. Additional she got enabled to sell cooked and fresh fish in her village again. The total Budget was: 173'000tsh / 71CHF

*Zainabu Vincent* is living in Njoro with three children as a single Mama. She received the financial resources to sell Samosa. She sells them by carrying them in a basket and walking around different areas around Njoro and close to the local market. Her son went for 1 month to an artist school and as well she received risk support. Some school fees for her children and depth of their room rent got payed. The total Budget was: 305'000tsh / 125CHF

*Tasiana Rafael* is a single Mama living in Msaranga with two children, among one of them has a disability. The third child of her is living with other relatives. She sold in December her first 100 raised chicken to a meat trader and replace them with small ones out of the profit. Kipepeo supported in financial and material ways to start this business. Total Budget was: 598'000tsh / 258CHF

*Veronica Dixon* is a widow, having two children and lives with one of them in Msaranga. She was helped to get a market place on the food market in Kiboriloni. For this the start of selling vegetables she received a financial and material capital. As well we provided Risk-Support when we met her first, with paying the school fees of her daughter, so that she could continue with her education. Total Budget was: 90'000tsh / 37CHF

*Sayuni Charles Mchanga* and her husband are caring for two children who belong to a relative who is in prison. They have own children too and live in Natiro. She produces since November her own Mandazi again. A lot of students, but as well people from the village buy her Mandazi which she is carrying around in a big pot on the way to different schools. We aimed her with the start capital of all ingredients she needed for 1 month. The total Budget was: 95'000tsh / 39CHF

*Baba Gerald* is living with his wife and three children in Natiro. For trial we gave them two young goats, which are now getting raised by Gerald and his family. After 4 Month caring, they can be given a pregnancy or they can also be sold, which both will bring them some profit to grow new ones and earn from it. If he fulfils his responsibility well, we empower him by getting a butcher. The total Budget was: 115'000tsh/ 47CHF

*Jackie*: Was working at Kiwavi Home, the Hostel, and could sort her life situation new whilst it until she luckily succeeded on her own, to get employed as a hairdresser.

*Josefine Stewart Kibwana* is a single mama living in Njoro together with her highly physical disable son. Since November she owns a hair dressing saloon. The first three month room rent and also the materials she needed for the beginning got payed by Kipepeo. She got a bit a special contract, uncommon to how we usually work, which allows Kipepeo later on to support more women trough that saloon. The total Budget was: 755'000tsh / 310 CHF

*Carol Stephan Mramba* and his brother were born with albinism. They live together with their parents in Rombo. They have three more siblings who do not live home anymore. Kipepeo built and financed a worthy and safe house for them to live in. The total Budget was: 2'368'000tsh / 973 CHF

*Phazila Iddy* lives in Njoro with her eight children. Two of the quadruplets she got at the end, got taken away at the hospital due to the reason of being a single mama and not having the ability to care for ten children on her own. Kipepeo tried already to support with starting business and different other things but it seems to be hard to make her independent. We finally decided to take over the responsibility of bringing two of her children to school. The total Budget of this: 100'000tsh / 41CHF

*Isack Ladislauth Kessy* is living with his uncle and does not know his parents. He got a sponsor trough Kipepeo for going to a special school, because he failed to go to secondary school. The Budget for it was: 573'000tsh / 235 CHF

*Esther Alois Ringo* is living with her husband and son in Msaranga. Trough the time we were attending them this year many things happened. We provided especially Risk-Support because she was in the hospital with her premature daughter who finally passed away. There is still a way to go for independence and safety for the family. The Budget until now was: 345'000tsh / 141CHF

With *Malmuna, Neema Florence Kimambo* and *Shaban Halfa Hosa* are we still in the process of finding a solution. All of them already obtained Risk-Spport.

All Families received a lot of love, shared thoughts and were fighting with us against all their individual difficulties in their life. Due to their mental or physical health and social situations some of them are not ready yet, to take back their responsibility. Especially for those families but as well for the ones listed above who are mostly independent now, we already provided Risk-Support. School fees which we paid are included underneath in direct support. Also all other finances, such as the team's salary etc. you can find underneath listed.

---

Families, direct support	6'270'850 tsh / 2'570 CHF
Salaries, team	8'800'000 tsh / 3'607 CHF
Transport	758'100 tsh / 310 CHF
Government	100'000 tsh / 41 CHF
Administration	97'000 tsh / 39 CHF
Others	446'000 tsh / 182 CHF

---

If you have any more questions or need some clarifications do not hesitate to contact us. We much appreciate all you did for making our work with Kipepeo Family Foundation possible.
